Hey Oscar!

How are you? Are you enjoying the weekend? I am! You didn't know that I've been doing training sessions at the climbing club, you didn't? I'm having a great time – the trainer, Mr Hanks, is amazing. You've met him, hasn't he?

Something funny happened at the club today while we were listening to mountaineer Jason Hadderley give a talk about his experiences in the Himalayas. He was showing us some of the equipment that he uses and one of the new members, Jade, asked him, 'What for do we have to wear that ugly harness? It's so uncool.' Mr Hadderley looked at her and said, 'Well, it might be uncool, but not as uncool as what might happen to you if you aren't wearing one and you fall down the side of a mountain!' That was a stupid thing for her to ask, it was?

So, you told me that you'd gone to a film festival last Friday, didn't you? Who you go with? Was it interesting? What did happen after it was over? Did you stay in the city centre? Oh, I can't wait to meet you on Monday. Which train does stop at Baker Station? We're meeting there, isn't it?

32 Read the text. What evidence is there in the text that Diwali is a festival with a moral message?

My Culture – An Essay on the Festival of Diwali

by Deepa Singh

Diwali, or the festival of lights, is one of the most important festivals in my culture. It is a family and community celebration. There is a lot of interaction between family members during Diwali. The word means 'rows of lighted lamps'. Hindus and Sikhs decorate their shops and homes with small oil lamps or candles. I'm Hindu, and I was named after the festival. Deepa means 'lamp'.

The festival is celebrated in autumn each year. It lasts five days and it starts with people lighting their oil lamps for the goddess Lakshmi so that she will come into peoples' homes and bring wealth. The actual day of Diwali is on the third day of the festival. This is when there is a new moon and the moon appears in a crescent shape. People usually clean their homes. They also leave their doors and windows open as a form of politeness to the Goddess Lakshmi so that she can come inside their homes. They draw colourful patterns and shapes around their homes to welcome the gods – these are called *rangoli*. Diwali is the biggest shopping period in India. People buy new clothes and the right etiquette is to give gifts to friends and family as a way of showing appreciation for each other. These are usually dried fruits and sweets. During Diwali, families get together for a meal. There is also a strong tradition of giving food to the poor during Diwali. There is also a huge firework display that people attend. Stick dancing is another Diwali tradition. The dancers hold sticks and perform a dance for an audience.

Diwali is a festival about the victory of good over evil, light over darkness, hope over despair. There are different stories about the Diwali in different parts of India. In the Gujarat region, the festival honours Lakshmi. In Nepal, Diwali celebrates the victory of Lord Krishna over the evil king Narakaasura. Lord Krishna rescued his wife Sita from King Narakaasura.

In Bengal, the festival celebrates the goddess Kali. During Diwali children are told these ancient stories by their parents to educate them about right and wrong.

Diwali is celebrated by Indians all over the world, including in Britain. Visitors to British cities during Diwali might see vivid firework displays and street parties. If you stop to ask what is going on you will be welcomed and asked to join the celebration! Diwali is a beautiful, meaningful festival. I'm very proud and happy to celebrate it with my family every year.

Read the text again. Then answer the questions. Write complete sentences.

- 1 Why does Diwali have a personal significance for Deepa?

-
- 2 How does the celebration begin?
-
- 3 In what ways is Diwali similar to how Christmas is celebrated in many Western European countries?
-
- 4 How would you be treated if you interrupted a Diwali celebration, according to Deepa?

Roger Hill – Buscador de Tormentas

Roger Hill tenía sólo 9 años cuando vio por primera vez un tornado. Con vientos de más de 500 kilómetros por hora, un tornado puede llevarse casi todo a su paso. El tornado pasó a través de la ciudad de Roger destrozando la casa de su familia y su coche. Afortunadamente, Roger y su familia no fueron heridos. Ellos habían ido al sótano, una habitación subterránea en su casa. Cuando salieron del sótano, Roger miró a su alrededor. Él no se lo podía creer, había destrucción por todas partes.

Hoy en día, Roger es uno de los más famosos buscadores de tormentas y tornados del mundo. Él se pasa una media de 120 días entre Marzo y Octubre buscándolos y grabándolos. Incluso ha escrito un libro sobre sus experiencias. Él ha visto sobre 600 tornados lo que él dice que es un record mundial. Pero, aunque le encante perseguir tornados, el coloca en primer lugar la vida humana y estar a salvo.
